## Sutron Corporation Announces GSA Contract Extension

STERLING, VA—September 13, 2005 –Sutron Corporation (OTC BB:[STRN.OB](#)) has received official notice of a five year extension to its current General Services Administration (GSA) contract. Sutron's GSA contract has been extended until November 30, 2010. The GSA contract is a mechanism whereby the Company can provide its products to Federal government buyers without going through a competitive procurement process. Pricing is provided to Federal government buyers at negotiated discounts off the Company's commercial price list dependent upon the item.

There was no value placed on the contract that was received by Sutron from the GSA. The GSA did, however, post the contract award via the Fed Biz Opps web site in order to announce the award in accordance with Federal procurement policy. This posting was performed solely by the GSA and was not a release or distribution by Sutron. The GSA placed a value of \$22.8 million on the contract extension based on Sutron's GSA sales during the five year period prior to the extension. The GSA was able to determine this information based on the Company's quarterly reporting of sales to the GSA. The Company expects significant GSA sales during the future five-year contract extension. There is no limit to the amount that the Company can sell via the GSA contract. Therefore, Sutron cannot provide an estimate of future GSA sales.

GSA sales are a significant portion of Sutron's business. Sales to the Company's primary Federal customers, including the US Geological Survey, the US Army Corps of Engineers, NOAA National Ocean Survey and the US Bureau of Reclamation are made almost exclusively via the GSA contract. During fiscal year 2004, revenues from sales to Federal government buyers via the Company's GSA contract totaled approximately \$5,504,000 or 33% of total Company revenues.

*This release includes forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. All statements regarding our expected future financial position, results of operations, cash flows, financing plans, business strategy, products and services, competitive positions, growth opportunities, plans and objectives of management for future operations, as well as statements that include words such as "anticipate," "if," "believe," "plan," "estimate," "expect," "intend," "may," "could," "should," "will," and other similar expressions are forward-looking statements. All forward-looking statements involve risks, uncertainties and contingencies, many of which are beyond our control, which may cause actual results, performance, or achievements to differ materially from anticipated results, performance, or achievements. Factors that may cause actual results to differ materially from those in the forward-looking statements include those set forth in our filings with the SEC, including the disclosure under the heading "Business" and "Management's Discussion and Analysis" in the Company's Annual Report on Form 10-KSB/A filed on June 15, 2005. We are under no obligation to (and expressly disclaim any such obligation to) update or alter our forward-looking statements, whether as a result of new information, future events or otherwise.*
